EARLY DISMISSALS

When the Darien Public Schools have early dismissal for conferences or prior to a holiday, Kids Club will start at the early dismissal time. On Conference Days we will remain open until 6:30 PM. On Wednesday, November 23rd and Friday, December 23rd Kids Club will close at 4:00 PM.

BEHAVIOR MANAGEMENT

Discipline is handled in a positive manner, which is consistent with the developmental needs of the individual child. Clear behavior limits are set and the reasons for rules and regulations are explained. Discipline is something far more than punishment, obedience, rules and restrictions. It is a way of helping a child learn some of the things he/ she needs to know about getting along in the world and helping with their development and self-control. We try to help each child discipline him/ herself, and we encourage children to act in accordance with the four Character Development values of the YMCA: Respect, Responsibility, Honest and Caring.

The Darien YMCA will follow some basic procedures that we recommend you review with your child.

1. If the staff experiences problems with a child, the participant's teacher will discuss the problem with the individual. A written documentation of the incident will be kept on file.
2. If the same problem re-occurs the Director will speak with the child and will ask the staff to share this information with the parent.
3. If the behavior problem continues beyond this point, a conference with the Director, child and parent will decide whether the child should continue to attend the Kids Club Program.

HEALTH PROCEDURES

**These policies and procedures are subject to change as new information or best practices evolve and change from local health department, the OEC & CDC. **

The Darien YMCA Child Care Programs are licensed by the CT Office of Early Childhood (OEC). Working with the OEC, CDC, and the Darien Health Department, we have put together a set of guidelines and procedures that must be adhered to by ALL students, staff and parents in order to provide the safest experience for everyone.

Sick Child/Staff:

- If someone begins to feel ill while at the YMCA, they will be brought to the Directors office privately to be evaluated
- Sick person will be isolated, student or staff will be required to leave the YMCA if a temperature over 100.0 is recorded. If a fever is present and the ill person is sent home, they will be allowed to return **after being 48 hours fever free without the aid of medicine** so long as:
 - no other COVID related symptoms become present
 - they pass the health screening in the morning
- Other illnesses such as cough will be evaluated on a case by case basis
- The YMCA will follow CDC guidance on how to disinfect our building or facility if someone is diagnosed with COVID-19.
- We will contact the OEC and the local health department to guide us through the risk assessment and contact tracing process
- We will exclude the child(ren) and staff member(s) who are determined to have had close contact with the affected child/staff member for 14 days after the last day they had contact with the affected child/staff member.
- If your child shows symptoms of COVID-19 and tests positive within one week of leaving any YMCA program, please inform us.

Reportable Cases

COVID-19 was added to the List of Reportable Diseases. Those required to report such diseases must report cases of COVID-19 infection immediately to the Connecticut Department of Public Health and to the local department of health in the town of residence of the case-patient by telephone on the day of recognition or strong suspicion of the disease. The COVID19 report form is available on the DPH website at

<https://dphsubmissions.ct.gov/Covid/InitiateCovidReport>

Other Illnesses At the YMCA

- Students and staff who become ill while at the YMCA will be evaluated by the Director.
- If a fever is present and the ill person is sent home, they will be allowed to return **after being 48 hours fever free without the aid of medicine** so long as:
 - no other COVID related symptoms become present
 - they pass the health screening in the morning

As is the case with any other year, we will defer to our on call physician consultant, if a judgement call needs to be made on specific and immediate health related decisions.

For injuries unrelated to illness, the Director will treat them according to our general "standing orders". The Director will use appropriate PPE and follow cleaning protocols in between students for all cases of illness and injury. Please note: The health and safety of all our families relies on the honesty

and intentionality of how we treat illness and suspected illness. We will be honest with you and do our best to keep your students safe, but it will take all of us acting responsibly with abundant caution to make it possible.

At Home Precautions

We are asking that all staff and children adhere to the following guidelines for at home precautions:

- Come to the YMCA each day with freshly laundered clothes, including outerwear if necessary
- Wash hands, shower, and clean soft surfaces immediately like towels, backpacks, lunchboxes, etc.
- Monitor if symptoms develop
- Use social distancing protocols if necessary, while in public or around people

Student & Staff Hygiene: Most classrooms at the YMCA have sinks in them as well as bathrooms close by. Teachers will also have plenty of hand sanitizer for their group. Students will wash their hands or use hand sanitizer upon entering the YMCA, in between activities, before and after lunch & snack, before and after using shared equipment and after sneezing, coughing or blowing their nose.

Enhanced Cleaning: We will be enhancing our cleaning and sanitizing procedures throughout the YMCA. These procedures will be consistent with best practice and guidelines presented by the CDC, the OEC, Y-USA, and local health. We will update cleaning procedures, as necessary. Groups will be given a set of supplies to use throughout the week to minimize the use of shared equipment with other groups. This individual groups supplies will be cleaned as necessary and again at the end of the week. Before using any supplies, all children and staff will wash or sanitize their hands and will continue to do so throughout the day. Any activity that requires shared equipment between groups will have an appropriate and specific cleaning policy that meets the aforementioned standards.

Bathrooms: Our staff will clean and disinfect the bathrooms periodically throughout the day.

Busing: We will have buses from all five elementary schools for our Kids Club After School Program at school dismissal.

Please note and understand that any other the above mentioned policies may change or be added to, based on guidance from the local health, state health departments, Y Alliance, Office of Early Childhood or otherwise determined by the Directors of the Darien YMCA to promote and maintain the health and wellbeing of our students, staff and members.
